

Dear Representative of the People of Australia,

I am sending this email to you in order to make 3 requests:

REQUEST #1:

I request that you take action to demand that **Prime Minister Anthony Albanese reject** the amendments to the International Health Regulations (IHR) that were adopted by the World Health Organization on May 27, 2022.

Most people are unaware of the fact that amendments to the IHR were adopted and can be REJECTED by each member nation (as per Article 61 of the IHR), but **the World Health Organization must be notified of that rejection before the end of November 2023.**

Please note the changes to Article 59 in the official document (here: https://apps.who.int/gb/ebwha/pdf_files/WHA75/A75_ACONF7Rev1-en.pdf) that would shorten the period of time for the rejection of future amendments from 18 months to 10 months and would shorten the period of time for future amendments to enter into force from 24 months to 12 months.

Noting that [Petition EN5048 - Australia rejects amendments to the 75th WHA/WHO International Health Regulations](#) closed on the 8th June 2023 after receiving 55,697 signatures.

REQUEST #2:

I request that you read the 307 proposed amendments to the International Health Regulations (here: https://apps.who.int/gb/wgihhr/pdf_files/wgihhr2/A_WGIHR2_7-en.pdf) that are being negotiated (mostly in secret) and speak out publicly in opposition to these proposed changes to international law.

You must understand that these proposed amendments cannot be stopped by Parliament if they are adopted by the World Health Assembly in May 2024.

These negotiations must be stopped immediately.

REQUEST #3:

I request that you read the “Bureau’s Text” (here: https://apps.who.int/gb/inb/pdf_files/inb5/A_INB5_6-en.pdf) of the proposed “Pandemic Treaty” (Framework Convention) and speak out publicly in opposition to this proposed international agreement.

There is nothing in this proposed document that legitimately addresses improving the health of people. It reads like a **venture capital prospectus** designed to implement crony capitalism, corruption, censorship with built-in conflicts of interest that would **hand over control to a cabal of unelected and unaccountable bureaucrats**. This document is quintessentially fascist in nature, and it removes even the premise that our elected representatives have any say in this international agreement.

These negotiations must be stopped immediately.

Sincerely,
